

Project for transgender people and their close ones

Mission

Increasing the level of acceptance of transgender people in society; consolidation and empowerment of the transgender community in Siberia and in Russia.

Vision

A strong, friendly and open transgender community with active civic engagement and mutual aid in a friendly world without discrimination.

Strategic goals for 2018–2021

1. Increasing visibility of transgender people in society; advocacy work that includes increasing the number of friendly specialists.
2. Education, experience exchange, and support of transgender and LGBT initiatives both in Russia and abroad.
3. Incentivizing creation of activist groups in Siberia and the Far East.
4. Increasing the potential and stability of the organization: involving new activists, enhancing professional competence of activists, developing new projects and programs.
5. Reducing internalized stigma among the trans* community.

Directions of our work

1. Advocacy work (promotion of the rights of trans* people at different levels).
2. Supporting the trans* community (psychological assistance and support groups).
3. Expanding the potential of the trans* movement (events and advice on trans* activism, writing brochures, development of peer-to-peer services, etc.).
4. Services and activities on health care for trans* people (health-preserving technologies, coordination services and HIV prevention).
